ASSEMBLE

ASSOCIATION OF EUROPEAN MARINE BIOLOGICAL LABORATORIES EXPANDED

Industry Consultation for ASSEMBLE Plus

Dear ASSEMBLE Plus Stakeholder,

ASSEMBLE Plus is an EC-funded H2020 project directed at the use of research infrastructures (RI) for the benefit of academia and industry alike. In order to better understand the needs of businesses in the different sectors and how to better adapt future programmes for business access to research infrastructures, we would appreciate it if you would take 5-10 minutes of your time to fill in our consultation.

The consultation is anonymous and the information will be used to compile a report to be provided to the EC as an ASSEMBLE Plus deliverable.

We hope you will participate, as your contribution is very important to us. This is an opportunity to ensure that research infrastructures can have a positive impact in your sector.

The consultation period has been extended and will now close on 30 April 2022.

Please circulate this email to your business/industry networks that could benefit from using ASSEMBLE Plus / EMBRC. The wider we can reach business stakeholders the better!

For any questions, please do not hesitate to contact me, Adelino Canario, acanario@ualg.pt

---

Take part in the Consultation
